EDUCATION

GEORGIA STATE UNIVERSITY

Atlanta, GA

Bachelor of Science

May 2021

Major in Computer Information System

Cumulative GPA: 3.65/4.0; Dean's List 2018-2021

Relevant Coursework: Python, Java Programming, Data Programming, Structured & Unstructured Database Management, Algorithms, Introduction to Artificial Intelligence, Managing IT Projects

WORK EXPERIENCE

FLORENCE HEALTHCARE

Atlanta, GA

Technical Engineer

Sept 2021 – Jan 2025

- Automated reporting processes using Tableau, saving over 10 hours per week and increasing reporting accuracy by 15%.
- Conducted data analysis and developed documentation for client-specific interfaces, ensuring system accuracy and timely project delivery.
- Designed and optimized 5+ RESTful APIs, improving system integration by 25% and enhancing data retrieval speeds.
- Collaborated with clients to implement Single Sign-On (SSO) solutions, improving user access efficiency by 20% and reducing authentication-related issues by 40%.
- Contributed to DevOps initiatives, successfully managing deployment pipelines and achieving a 90.5% success rate in QA-to-production replication.

Georgia State University

Atlanta, GA

Data Entry Specialist

Feb 2019 – May 2020

- Developed reports summarizing key metrics to support data-driven decision-making.
- Ensured compliance with university data security policies and FERPA regulations when handling over 5000 sensitive student data.
- Recovered roughly 1 TB of potentially lost user data on the university's network during campus-wide update.

PROJECTS

MOVIE RECOMMENDATION ENGINE

Mar 2018

 Designed functionality to recommend movies based on analysis of over 20 data points, enhancing user experience through tailored suggestions.

AirBnB Rental Housing

Jan 2023

 Cleaned, transformed, and aggregated datasets using advanced SQL queries, including JOIN, CASE, and GROUP BY, to produce insights.
